AUTOMOTIVE ALLIANCE

Pre-event vehicle check

The Alliance's own safety check of a car before it runs at an Alliance event.

Before any car runs at an Alliance event, an Alliance volunteer looks it over with the driver. Check these items yourself first, then bring the car and this form to the check point.

1. Driver and car

Driver's name *

Phone *

Event *

Date *

Make *

Model *

Year

Number plate

Car number on the day

2. What we check

Driver: tick each item once you have checked it. Alliance: the volunteer ticks each item seen. N/A: the item does not apply to this car.

Item	Driver	Alliance	N/A
1. No fluid leaks: oil, fuel, coolant or brake fluid	☐	☐	☐
2. Battery secured, with the positive terminal covered	☐	☐	☐
3. Tyres in good condition, no cords or bulges, at sensible pressures	☐	☐	☐
4. Wheel nuts all present and tight	☐	☐	☐
5. Brakes firm, with no warning light	☐	☐	☐
6. Throttle returns fully when released	☐	☐	☐
7. Seat firmly mounted	☐	☐	☐
8. Seat belts (or harness, where fitted) working and in good condition	☐	☐	☐
9. Fire extinguisher secured in the car, where applicable	☐	☐	☐
10. Loose items removed from the cabin and boot	☐	☐	☐
11. Towing point the recovery crew can reach	☐	☐	☐
12. Helmet in good condition, worn whenever the car is running	☐	☐	☐

3. On the day (Alliance volunteer)

☐ Ready to run

☐ Not yet: fix the items in the notes and bring the car back

Notes

4. Driver's declaration

> *I have checked my car against the items above and will show it to an Alliance volunteer before it runs. If anything on this list changes during the day, I will stop and tell an Alliance volunteer straight away.*

Driver's signature (type or sign) *

Date *

5. Checked with the driver by (Alliance volunteer)

Volunteer's name *
